BRAZIL MINERS' STRIKE.

They Vote To-day on the Operators' Proposition—Telegrams From Other Points.

BRAZIL, Ind., July 1.—The striking block coal miners will vote to-day on the proposition to accept the operators' offers, the election having been postponed for some reason, from Saturday. A mass meeting in one of the districts is said to have insisted unanimously on arbitration, contrary to the advices of the state board of charities.

It is feared the miners will yield to outside promises of aid, and prolong the strike.

JOHNSTOWN, Pa., July 1.—Governor Beaver arrived this morning and spent the entire forenoon in riding over the devastated district.

It is now thought that the loss of life by the flood will be between 6,000 and 10,000.

THE CRONIN CASE.

The Investigation by the Grand Jury Will be Dropped, but the Police Will Keep Open Eyes.

CHICAGO, July 1.—The investigation into the murder of Dr. Cronin will be dropped, except by the police, until the time of trial of those indicted, unless new evidence shall be discovered. The June special grand jury will not be reimpanneled, and no new one will be asked for by the state's attorney, unless the police police shall unearth new facts concerning the crime and criminals on which the grand jury may find further indictmenis.

There are no new developments in the Cronin case to-day.

John F. Beggs, senior guardian of company No. 20, was removed from Harrison street station this morning and locked up in the boys' department of the county jail, while O'Sullivan is confined. The fact that the authorities have put the two men from whom "squeals" are expected in a separate department, away from Dan Coughlin, is regarded as significant. It is stated that the police are working on new clues that it is hoped will lead to the capture of Cooney, "The Fox."

THE PUBLIC HEALTH.

The Health Officer to Cut an Unusual Swath in His Line of Duty.

The health committee, consisting of Councilmen Haiber, Cody and Gordon, and the committee on public improvements, Councilmen Ofenloch, Cran and Hilbrecht, have passed judgment for the condemnation of two hovels and recommend that they be torn down. Their attention was called to the places by Health Officer Metcalf, who considers the buildings dangerous to public health and thinks that when the July sun gets in its work, the contagion demon lurking out of sight at present will manifest its deadly presence.

One of these places is situated immediately west of Teghmeyer's saw-mill, along the Nickel Plate track and a couple of hundred yards back from Ewing street. Two families occupy it, the head of one of them being an old man named Overly, who is paralyzed, and ought to have medical attention.

The other place is located at 102 Chicago street, where several colored families huddle together like swine.

City Attorney Colerick says there is a technical point which might restrain the city from tearing down these filth traps.

WABASH APPOINTMENTS.

An Official Circular Received This Morning in This City.

The following circular was received in this city this morning, which is the first one on this division issued by the new management:

Mr. C. F. Lape, master mechanic at Springfield, Ill.

Mr. W. S. Morris, master mechanic, at Fort Wayne, Ind.

Mr. John Hewitt, master mechanic, at Butler, Ind.

Each will retain control of territory and lines already under their supervision. J. B. BARNES,

The Weather.

WASHINGTON, July 1.—Indiana—Fair, followed Tuesday by threatening weather; slightly warmer; easterly winds.

A DANGEROUS OPERATION.

Louis Raber Almost Dies From the Effects of an Operation.

Yesterday morning, at Thieme & Gross' drug store, Dr. K. K. Wheelock performed a dangerous and difficult operation for unnatural tonsils, the subject being Mr. Louis Raber, of Huntington county.

It is an operation that is attended with much danger, therefore it pleased the doctor immensely when the patient walked to his boarding house soon after the work was done, apparently all right.

It was not more than half an hour afterwards when Raber was taken with hemorrhage. He hastened back to the drug store, at which place he soon fainted from loss of blood.

He was taken to the City hospital, where he came near dying during the night.

This morning Drs. Porter and McCaskey were summoned, to find him almost in death's throes from excessive hemorrhage. The man's life hangs by a thread. Relatives were summoned this morning to be at his bedside.

A PAIR OF ACCIDENTS.

Mrs. S. Rich Has an Arm Fractured —Frank Bissell Hurt.

Yesterday afternoon Mr. and Mrs. S. Rich were driving in the country when the horse became frightened and threw the occupants out of the vehicle. Mrs. Rich fell to the bottom of an embankment and sustained a bad fracture to her right arm. She was conveyed to her home, 196 Calhoun street, this city, where Dr. Herschel S. Myers attended her.

FRANK BISSELL HURT.

Yesterday afternoon a party of wheelmen were "spouting" along the St. Joe road near the toll gate when Fred Smith, of the firm of Smith & Gotsche, lost control of his wheel. Frank Bissel, who followed closely, could not prevent a collision, which followed, throwing Mr. Bissell violently to the ground and dislocating his right arm. A carriage was secured and the young man conveyed to his rooms. Mr. Bissell is night ticket agent at the south depot and will be detained from duty some time.

LOCAL LINES.

Mr. H. C. Hanna is at Chicago.

The Muldoon club were at Churubusco yesterday.

Mr. W. D. Page and family are occupying their cottage at Warsaw.

Mr. James Wilding, jr., has recovered a horse which strayed away over a week ago. William Frederickson, of Milan township, had taken the animal in.

Mr. D. Honaker, of Lexington, Ky., presented the Christian church, for yesterday's service, with a most exquisite floral piece in the shape of a full sized guitar.

Mr. Harry Friend will leave for New York city next Wednesday evening, to meet his brother, Will, who is on board a steamer, which will arrive some time this week.

Hon. W. H. Shambaugh will deliver the Fourth of July oration at the celebration in Vordermark's grove and Mrs. Dr. Mary Halloway will read the declaration of independence.

The Danville, Ill., and the Lafayette, Ind., base ball clubs, played a game of ball yesterday at Lafayette. The Wabash road ran a special train from Danville, consisting of four coaches, crowded with people.

Jas. R. Adams, brother of the well-known "Grinaldi Adams," will have entire charge of the refined specialties introduced in the fourth act of "Enoch Arden." The sports and pastimes of "Merrie England" will be a novelty, and, as introduced by Mr. Beers, will be in keeping with the poem.

It is seldom that a theatrical manager gives the public more than he advertises. Mr. Beers' contract with Manager Simonson calls for a company of forty people. Mr. Beers now has fifty-six people in Fort Wayne, all of whom will take part in his grand lyric and pictoral arrangement of Tennyson's Idyll of the Sea, "Enoch Arden," to be given on Wednesday and Thursday evenings, July 3 and 4, at the Temple.

Saturday afternoon Louis Brames filed proceedings in the superior court to enjoin the county commissioners from constructing the proposed new bridge across the Maumee river at any other point but on East Main street. Judge Chapin reserved his decision until this morning at 8 o'clock, when he granted the injunction until 10 a. m. next Friday, when the case will be heard. The commissioners were to let the contract to-day.

SENT ABROAD.

They Will Leave Their Homes to Represent the United States in Foreign Countries.

WASHINGTON, July 1.—The president to-day made the following appointments:

A. Louden Snowden, of Pa., minister resident and consul general of the United States to Roumania, Servia and Greece; William Hayden Edwards, of Ohio, consul general at Berlin; Augustus O. Bourn, of Rhode Island, consul general at Rome; Eugene Shuyler, of New York, agent and consul general of the United States at Cairo.

The United States consuls appointed to-day are: Wallace Bruce, of New York, at Leith; William Harrison Bradley, of Illinois, at Nice; Edmund B. Fairfield, of Michigan, at Lyons; Irving J. Maratt, of Nebraska, at Athens; William Bowman, of Kentucky, at Tien-Tsin; Adolph G. Studer, of Iowa, at Barmen; Enoch J. Smithers, of Delaware, at Osakaa and Hiogo; Alexander C. Moore, of West Virginia, at St. Thomas; Charles F. Johnson, of Ohio, at Hamburg; Silas C. Halsey, at Sandberg.

MASTER MECHANIC MORRIS.

He Resigns to Accept a Better Thing and Will Leave the City.

One of our most popular men in local railroad circles is Mr. W. S. Morris, master mechanic of this division of the Wabash road.

In the list of official appointments of the Wabash published elsewhere in this issue will be seen the name of Mr. Morris, whose services it has been the pleasure of the new management to retain.

Mr. Morris however, has a better thing offered him in the official capacity of superintendent of motive power and rolling stock of the Detroit, Lansing & Northern, the Chicago & West Michigan and the Saginaw Valley & St. Louis railroads, which offer he has accepted. In consequence his resignation has been tendered as master mechanic of the Wabash, to take effect the 10th inst.

Mr. Morris secures by his advanced position a handsome salary. He will make his headquarters at Grand Rapids Mich.

Mr. Will S. Morris first engaged his services with the Wabash in 1878 as a machinist. His industry was recognized by the Muncie management some time later by tendering him the position of master mechanic; he then connected himself again with the Wabash as master mechanic and upon the promotion of Mr. J. B. Barnes to superintendent of motive power, he succeeded him to division master mechanic, which position of trust he is about to retire from.

In works of a mechanical nature Mr. Morris is a careful man and a genius. He has interested himself in numerous inventions, the latest one being a patent air-brake appliance.

THE SENTINEL regrets exceedingly the departure of this man from our midst but at the same time extends its best wishes and predicts for him success.

DROZDANITZ'S DODGE.

A Clothing Dealer Made to Fork Over City Taxes—Deputy Treasurer Houlihan's Good Sense.

Last Saturday night Deputy Treasurer Tom Houlihan was returning home to his virtuous couch at about the hour of 11. When opposite the Assignee clothing store, adjoining the Railroad Y. M. C. A. rooms, his quick eye detected that all the goods were being boxed up for a hasty departure. The place has been conducted a short time past by a Polish Jew named D. Drozdanitz, who was assisted by his son, Peter.

Mr. Houlihan remembered distinctly that the fellows had not paid over the city taxes and telephoning Chief of Police Wilkinson, he had Officer Richter soon informed of the circumstances with the special injunction that the goods should not be allowed to leave the building.

The old man Drozdanitz ordered his son to go on to Chicago and he was obliged to remain over to settle the matter, which he did this morning by paying over the required sum.

The amount of the tax was small but the zeal of our friend Mr. Houlihan in discommoding a dealer who tried to play such a game, is commendable and every legitimate merchant whose trade is hurt by these traveling assignee fakes will say so.

The Indianapolis *Journal* is authority for the statement that Mr. W. W. Worthington has resigned his position as general superintendent of the Fort Wayne, Cincinnati and Louisville road. Mr. Worthington has been in official position on the road for seventeen years and has made a splendid record.

TWO RUNAWAYS.

A Farmer's Horses Frightened by Bicycle Riders.

While driving along the Leo road yesterday afternoon, Farmer Kroemer's horses became frightened at two bicycles passing along and the buggy with its occupants was overturned. Mr. and Mrs. Kroemer were thrown against a barb wire fence and badly injured. The farmers complain of the carelessness of bicyclists while passing their vehicles in the country.

The horses attached to one of the Berghoff brewery wagons ran away this morning in the eastern part of the city and the kegs of beer on it were scattered in every direction.

HOT WEATHER GOSPEL.

Student T. Arthur Frey Appointed Temporarily at the Congregational Church.

Mr. T. Arthur Frey, a student of Yale college, who for two Sundays past filled the pulpit of the Congregational church, has accepted the invitation to fill the pulpit during the summer vacation.

Mr. Frey is a bright young man, of eloquent and logical delivery, whose services would be sought by the congregation were it not for the fact that he has one year's course to finish at Yale.

JUVENILE THIEVES.

John Kratzman and Young Altrogge Bound Over For Stealing.

Yesterday afternoon, John Kratzman, a boy about twelve years old living in Frenchtown, broke open the rear window of Busching's grocery at the corner of Hanna and Wallace streets and stole seventy-one cents in money and some fireworks.

A thirteen year old step-son of Albert Altrogge, the restaurant keeper who tried to commit suicide a few days ago, stole 400 cigars from the place and passed them around among his boy friends.

Both lads were arraigned before Squire France to-day who put them under $200 bonds each, in lieu of which they both went to jail.

THE DEATHS.

Mr. Adam Nies and Mr. Louis Gerwig Called From Earth.

Early this morning at his home, No. 33 Maumee road, occurred the death of Mr. Adam Nies, the foreman of L. O. Hull's force of painters. The cause of his death was quick consumption. The funeral will take place Wednesday afternoon.

Mr. Nies was only 32 years old. He leaves a wife and child, and a wide circle of warm friends, among whom he was very popular for his many companionable ways.

Saturday night, at his home, No. 12 Liberty street, occurred the death of Mr. Louis Gerwig, a traveling salesman for a Grand Rapids house. He was very well known and leaves a wife and family. The cause of his death was heart disease. The funeral will take place at 2 p. m. to-morrow.

The eighteen-months-old child of Mr. and Mrs. Herman Schroeder, died yesterday at their home, 25 Summit street. The funeral occurs to-morrow at 2 p. m.

Fort Wayne Sentinel.

E. A. K. HACKETT, Editor and Proprietor.

MONDAY, JULY 1, 1889.

THE American flag now has forty-two stars.

THE *Morning Journal* is in favor of more parks for Fort Wayne.

THE Fourth of July will be observed in a "quiet" way at Fort Wayne.

A DISEASE known as chinch bug cholera is killing off the chinch bugs by millions in Kansas and proving of inestimable benefit to farmers.

ACCORDING to the estimate of the publishers of the city directory for 1889, about to be issued, the present population of Chicago is over 900,000.

GOVERNOR FORAKER takes very kindly to the renomination for the governorship, considering the fact that he wasn't going to accept it under any circumstances.

A NUMBER of republicans of Mansfield and Cleveland, Ohio, have publicly declared that they will not vote for Governor Foraker. Mansfield is the home of John Sherman.

CHUNCEY M. DEPEW thinks the Fourth of July is going to be a great day this year. His reason for thinking so, he explains, is that he has invitations to speak from nearly every state in the union.

A BILL has passed both houses of the Michigan legislature, which provides that a wife may have separate maintenance when her husband has been guilty of an offense which would entitle the wife to a divorce.

MANY of the friends of Henry George are urging him to become a British subject and enter Parliament for a Scotch district. It's not likely that Mr. George will accept the proposal, though he has not as yet given a definite answer.

IN accordance with a request of the Women's Christian Temperance union of the District of Columbia, President Harrison has issued instructions that no liquor shall be sold on the government reservation during the encampment of the district militia.

ADVICES from Africa confirm previous reports of the shocking privations to which Mr. Stanley has been subjected. It is stated that his hair has turned snow white, that his clothes are rags, and that he is without shoes, being obliged to use skins to cover his feet.

THE eyes of the sporting world are turned towards the Sullivan-Kilrain prize fight, which is to take place next Monday on Louisiana soil. The disgraceful exhibition will probably end in a victory for Sullivan. If he is beaten it will be because the excessive use of whisky has ruined his constitution.

THE grand jury in the Cronin murder case have returned the following indictments: Martin Burke, John F. Beggs, Danial Coughlin, Patrick O'Sullivan, Frank J. Woodruff, Patrick Cooney, John Dinze. The indictment against each of them is for conspiracy to murder and for murder, with the exception of Patrick Cooney and John Dinze.

GEN. REUB. WILLIAMS, the veteran editor of the Warsaw Daily *Times* and *Indianian-Republican*, is a candidate for the state pension agency in earnest. In his Saturday's issue of the *Times* he publishes over four columns of complimentary press notices of himself for the position. General Williams was an original Harrison man, and has always been a bold and active defender of the principles of the republican party.

TO-DAY is the anniversary of the battle of Gettysburg. It was fought on Pennsylvania soil twenty-eight years ago, and was one of the bloodiest battles of the civil war. Ending in a victory for the union forces, the backbone of the rebellion was broken and the confederate forces were driven back into Virginia. The surrender of Lee did not come until nearly two years later, but the rebels never recovered from their Gettysburg defeat.

NEXT Saturday the members of the Harvard and the Yale college ball clubs will sail for England to give exhibitions of base ball at various English schools and universities, and teach Englishmen the finer points of the game. After some preliminary instruction the American nine will be divided and two mixed nines will be formed, these playing against each other. Their expenses will be paid by a number of Englishmen who have become interested in the game. Thus does our great national game progress.

FREDERICK DOUGLASS, the colored orator who was appointed last week as minister resident and consul general to Hayti, was born a slave on the eastern shore of Maryland, in the half-famine stricken district known as the Tuckahoe, about 1817. He does not know the exact date. He has never been fully informed who his father was. He taught himself to read and write unobserved by his master. He escaped from slavery by the aid of a friendly sailor and found his way to New England. He learned rapidly and soon became widely known as a public speaker. In 1846 he visited England and became a lion there. His career as an anti-slavery orator, as a speaker, lecturer, and leader is well known.

THE CHURCHES.

Interesting Services at the Cathedral Yesterday—The Holidays This Week.

Chancellor J. F. Lang occupied the pulpit yesterday morning at the Cathedral, Rt. Rev. Bishop Dwenger being at Laporte. He read the letter issued by the provincial council, recently held at Cincinnati, at which the bishop was present. It contained many valuable instructions to Catholics, and read in Father Lang's grand way, was interesting in all its details.

In making the announcements of the feasts of the week he urged their observance by the membership of the church. The holy days were important ones, and all should observe them unless their duties were such that they could not do so.

The devotion of forty hours' adoration will take place during the week. Yesterday the services were in memory of St. Paul, the apostle; to-day they are for St. Theobald, the confessor; to-morrow, Visitation of the Blessed Virgin Mary; Wednesday, St. Phocas, Martyr; Thursday, St. Bertha, Abcess; Friday, St. Peter, of Luxemberg; Saturday, St. Palladius.

Several of the societies of the church will attend mass during the week in a body and requiem will be sung for the repose of the souls of certain departed members of the church.

The collections taken up yesterday in the Catholic churches were for the pope.

Vicar General Brammer, with Rev. Father Ellering and a number of priests from neighboring cities, will be at Warsaw to-morrow to conduct the impressive and beautiful ceremony of blessing the new bell for the Catholic church at that place.

Rev. Edward Koenig, D. D., of Fort Wayne, will celebrate a solemn high mass, during which the Columbia City choir will render some choice music.

OTHER SERVICES.

Mr. Z. T. Esmond, the secretary of the Railroad Y. M. C. A., conducted the services at the Grace church last evening.

Rev. H. Arlin, of Winchester, held a quarterly meeting at the Evangelical church yesterday.

Rev. J. L. Leeper, the able young divine, pastor of the Second Presbyterian church, preached one of the grandest sermons yesterday morning that he has delivered since his entry in the ministry here.

The services at the railroad department of the Y. M. C. A. were led yesterday afternoon by Mr. John Brittingham, of the Olds wheel works. His talk was about the tongue, as an unruly member, and it was an interesting one.

Prof. Spencer Smith, of Lake Forest university, son of Dr. C. S. Smith, of this city, delivered the address at the city Y. M. C. A. yesterday afternoon. He is a pleasant talker, and his words were full of interest.

Mr. Joseph Brittingham, of Olds wheel works, led the service at the R. R. Y. M. C. A. yesterday, and Prof. Spencer Smith led the meeting at the city association rooms. Both meetings were well attended.

Do not be induced to take some other preparation when you call for Hood's Sarsaparilla. Be sure to get Hood's Sarsaparilla, which is peculiar.

The Morton club will have a regular monthly meeting to-night.

When the lips are dry or scarred,
When the teeth are dark or dull,
When the tongue is hot and hard,
And fills the tainted mouth too full,
The magic SOZODONT supply,
And all those ills before it fly.

Prof. Diedrich is expected home from Pittsburg to-night.

An Extraordinary Phenomenon.

No other term than the above would apply to the woman who could see her youthful beauty fading away without a pang of regret. Many a woman becomes prematurely old and haggard because of functional derangement. What a pity that all such do not know that Dr. Pierce's Favorite Prescription will restore their organs to their normal state, and make them youthful and beautiful once more! For the ills to which the daughter's of Eve are peculiarly liable the "Prescription" is a sovereign remedy. It is the only medicine sold by druggists under a positive guarantee from the manufacturers, that it will give satisfaction in every case, or money will be returned. See guarantee on bottle wrapper.

This is quarterly pay day for the city officers and monthly pay day for the police force.

ON THE DIAMOND.

The Baseballists Hold Forth at Several Points Again Yesterday.

The different base ball grounds throughout the city yesterday were visited by large throngs of people, especially was this the case at the grounds of the Sports, a base ball nine that is rapidly coming to the front as a crack club. Their headquarters are located along the banks of that famous and historic stream, the Maumee river, just east of Coombs street, and there at least 600 people repaired to witness a contest between the Sports, constituted as follows: Saffen, 3b; Crance, c; Robbins, p; Betts, 2b; Brown, ss; Lauer, r. f; Speidel, c. f; Weichman, 1b, and Smith, l. f., vanquish the Bloomigdale nine, composed of, Spanla, c.; Sunlay, p.; Langhor, 2b; Gaunzor, 3b; Skinny, 1b; Smick, ss; Smuck, r. f.; Wolf, c. f; and Hedges, l. f.; by a score of 22 to 11. The regular battery for the Sports, O'Hearn and Smith, were not at their places yesterday, as they are resting up to enter the contest at the fair grounds on the Fourth, where this club will endeavor to capture first prize. As a consequence the score of the Bloomingdale's was much larger than it otherwise would have been. A feature of the game was the heavy batting of First Baseman Weichman, of the Sports, who pounded out a three bagger, a two bagger and a single.

The score by innings was as follows:

	1	2	3	4	5	6	7	8	9	
Bloomingdale's	0	0	2	0	0	0	0	6	3	— 11
Sports	8	1	1	0	6	3	3	0	*	— 22

Struck out by Robbins, 7; by Sunlay, 3. Umpire, Rooney.

On Wagner's flats Kimball's nine and the Barr streets, had a set-to and Kimball's club won the honors by a score of 19 to 13. The Barr streets made all their runs in the first four innings. At that stage of the game Hugh Dix went in the box for the Kimball club and from that time on they could only fan the air.

"Do we have mosquitoes?" repeated the genial landlord. "What's that? Never heard of such a dish. How do you serve 'em, fricasseed?" "That's all right," replied the guest, "I like the place and I'll take the rooms, and your word about the mosquitoes, but I'll just send back for a dozen bottles of Pond's Extract, as a precaution." "Oh they all do that. Have fire in your room last night sir?" "Well, I didn't see any, but perhaps there was; the mercury was 124 °."

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It sooths the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Jan-27-1y

A clergyman, after years of suffering from that loathsome disease, Catarrh, and vainly trying every known remedy, at last found a recipe which completely cured and saved him from death. Any sufferer from this dreadful disease sending a self addressed stamped envelope to Prof. J. A. Lawrence, 88 Warren St., New York City, will receive the recipe ree of charge. O13deod4m-weow15t

Let us give the readers of THE SENTINEL a little timely advice. Hot weather is coming and with it colic, cholera morbus, dysentery, and diarrhoea. The only safe way to combat these diseases, is to keep some reliable remedy at hand, and all who have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy will admit that it is the most prompt, reliable and successful medicine known for these complaints. It costs but 25 or 50 cents, and may be the means of saving you or your family much suffering, if not life itself, before the summer is over. For sale by George H. Loesch and Fred Hoham.

I am satisfied that Cancer is hereditary in my family. My father died of it, a sister of my mother died of it, and my own sister died of it. My feelings may be imagined, then, when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way that it could not be cut out. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family. I took Swift's Specific, which, from the first day, forced out the poison, and continued its use until I had taken several bottles, when I found myself well. I know that S. S. S. cured me.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

MONDAY, JULY 1, 1889.

JULY OPENS DULL.

The News Around the Railroads and Manufactories is of an Uninteresting Character.

Frank Petgen returned from Omaha, Neb., to-day.

Many of the shop employes will spend the Fourth out of the city.

There are some 105,000 locomotives, with 3,000,000 horse power, in the world.

Many of the manufacturing establishments of the city are reducing their working forces.

James Hanley has taken the position of shipping clerk at the Pennsylvania company's store-room.

William Kauhse, formerly of the Bass works, has taken a position with the Natural Gas company.

Geo. W. Saul will be the new general manager of the Muncie road. THE SENTINEL welcomes him to the city.

Wendling Koehl has given up his position at the Bass moulding rooms and will go to Defiance, Ohio, to work.

James Doyle and James Hanley, of the Pennsylvania company's store room, will spend the Fourth at Warsaw with their best girls.

The Wabash *Plaindealer* says that James Rhodes has removed from Andrews to Wabash and will build a handsome residence there.

The *Daily News* has dubbed Clerk J. H. Sloan, of the Pittsburg machine shops, a captain. Mr. Sloan was an adjutant during the war.

The railroads are anticipating a big Fourth of July business. Excursion rates prevail and nothing is going on in the city to keep the people at home.

J. M. Barry, master mechanic of the Bee Line shops at Delaware, Ohio, it is said, has been tendered the position of master mechanic of the Chicago and Atlantic.

William Rhodes, machinsit at the Pittsburg shops, whose injury at the works was chronicled a few days ago in THE SENTINEL, had his foot amputated at the city hospital last Saturday.

A well known Wabash engineer and a telegraph operator had a fight at the Wabash depot, at Lafayette, last week. A family matter caused the encounter and the engineer was awarded the belt. The row created much excitement but no one was seriously hurt.

It has been calculated that the railroads of the world are worth nearly $300,000,000,000, or about one-tenth of the wealth of the civilized nations, or more than a quarter of their invested capital. At this rate all the ready money in the world would buy only about one-third of them.

Ten years ago there were twenty-two railroads which could not interchange cars owing to the gauge. Now all are alike, and cars owned in Maine are seen slipping over the rails in Texas. The railroad system of the United States is declared to be as perfect as a system can be made.

D. H. Lawton, manager of the Osborn Remington Co., went to Richmond and Lima this morning to look after contracts the firm has at both points. The class of work this firm is doing is bringing them rapidly to the front and Fort Wayne has room for all such wide awake business men. They all help to make a first-class city.

While Dick Pierce, wife and little daughter were changing cars from the Pennsylvania to the Lake Erie and Western at the depot at Burgoon, on Thursday evening, Mr. Pierce fell off the platform, a distance of several feet, and broke two ribs and sustained other painful injuries. He held his little girl in his arms at the time, but she escaped entirely. Pierce was taken to his home at Findlay.

The Jenney Electric Light company are moving in earnest into their new quarters, with all their laborers assisting, and they have given their professional men a few days' vacation, which they will spend in various ways. Frank Havens will resume his position with the Petoskey Fish company. Frank Passinc will drive a milk wagon during vacation. Frank Woehnker will take care of his fast horse, "Prince." Aug. Hocklemeyer will sell opera glasses for an eastern firm. Wm. Murphy will go into the life insurance business. Fred Kiezlnaber will assist his father in ringing the church bell and making arrangements for the picnic. L. G. Cordaway will help F. Majers to discharge his duties on the farm. Aug. Tons will peddle tin-ware in the country.

A Good Appetite

Is essential to good health; but at this season it is often lost, owing to the poverty or impurity of the blood, derangement of the digestive organs, and the weakening effect of the changing season. Hood's Sarsaparilla is a wonderful medicine for creating an appetite, toning the digestion, and giving strength to the whole system. Now is the time to take it. Be sure to get Hood's Sarsaparilla.

A REMARKABLE FREAK.

The Indiana Child That Beats the Siamese Twins.

Kokomo has a freak of nature that is certainly the most wonderful human monstrosity ever born alive. It is a a double baby. The bodies of the two infants are perfectly formed and are united from head to head by the spinal column, running full length without separation. About the center of the body is the one umbilical cord; the action of the hearts is good and respiration perfect. They have distinct and separate vital organs, which perform their functions well and with due regularity. They have bright, beautiful faces, are possessed of great vitality, showing considerable pertness. Both nurse naturally, and one may sleep while the other is awake, as well as both to sleep at once.

Their parents, Mr. and Mrs. J. H. Jones, live on their farm. The father is twenty-four years old, five feet ten, and weighs 175 pounds. The mother is nineteen, short build, and weighs but ninety pounds. They have been married nearly three years, and these malformed twin girls are their first born.

MR. D. M. GRAYSON, of Cronville, Franklin parish, La., says: I think Swift's Specific is the best blood remedy in the world. I have known it to make wonderful cures of persons with blood diseases, some cases which had been regarded as incurable.

Water rents are due to day and Clerk McDonald is busy making out receipts.

Made Like Tea.

Have you been to your druggist for a free sample package of Lane's Family Medicine, which is made as simply as tea? It is a harmless vegetable remedy for your blood, stomach, liver and kidneys, and an easy cure for constipation, discovered by Dr. Silas Lane while in the Rocky Mountains. Don't fail to call to-day at any druggist's for a free sample of this grand family medicine. Large size package 50c.

Mr. and Mrs. James E. Graham have returned from a trip to neighboring towns.

A STRONG ENDORSEMENT.

TOLEDO, O.

J. M. LOOSE RED CLOVER CO—Gentlemen: Having made use of your valuable pile remedy. I can recommend it as the best I ever used; having found almost entire relief from using it four times. Hoping others will try it with the same success, I am yours very truly.

H. M. PIXLEY,
No. 50 Summit street.

Mr. F. J. Smith, editor of the Fort Abercrombie, Dak., *Herald*, says: "The most wonderful medicine I have ever met with, is Chamberlain's Colic, Cholera and Diarrhoea Remedy. In case of colic it gives speedy relief. On hunting trips I have found it indispensible. Put in alkali water, it imparts a pleasant taste and prevents the painful diarrhoea, which alkali water produces. I could not feel safe without it in my house." 25 and 50 cent bottles for sale by George H. Loesch and Fred Hoham.

BRAZIL MINERS' STRIKE.

They Vote To-day on the Operators' Proposition—Telegrams From other Points.

BRAZIL, Ind., July 1.—The striking block coal miners will vote to-day on the proposition to accept the operators' offers, the election having been postponed for some reason, from Saturday. A mass meeting in one of the districts is said to have insisted unanimously on arbitration, contrary to the advices of the state board of charities.

It is feared the miners will yield to outside promises of aid, and prolong the strike.

JOHNSTOWN, Pa., July 1.—Governor Beaver arrived this morning and spent the entire forenoon in riding over the devastated district.

It is now thought that the loss of life by the flood will be between 6,000 and 10,000.

THE CRONIN CASE.

The Investigation by the Grand Jury Will be Dropped, but the Police Will Keep Open Eyes.

CHICAGO, July 1.—The investigation into the murder of Dr. Cronin will be dropped, except by the police, until the time of trial of those indicted, unless new evidence shall be discovered. The June special grand jury will not be reimpanneled, and no new one will be asked for by the state's attorney, unless the police police shall unearth new facts concerning the crime and criminals on which the grand jury may find further indictments.

There are no new developments in the Cronin case to-day.

John F. Beggs, senior guardian of company No. 20, was removed from Harrison street station this morning and looked up in the boys' department of the county jail, while O'Sullivan is confined. The fact that the authorities have put the two men from whom "squeals" are expected in a separate department, away from Dan Coughlin, is regarded as significant. It is stated that the police are working on new clues that it is hoped will lead to the capture of Cooney, "The Fox."

THE PUBLIC HEALTH.

The Health Officer to Cut an Unusual Swath in His Line of Duty.

The health committee, consisting of Councilmen Haiber, Cody and Gordon, and the committee on public improvements, Councilmen Ofenloch, Cran and Hilbrecht, have passed judgment for the condemnation of two hovels and recommend that they be torn down. Their attention was called to the places by Health Officer Metcalf, who considers the buildings dangerous to public health and thinks that when the July sun gets in its work, the contagion demon lurking out of sight at present will manifest its deadly presence.

One of these places is situated immediately west of Coghmayer's saw-mill, along the Nickel Plate track and a couple of hundred yards back from Ewing street. Two families occupy it, the head of one of them being an old man named Overly, who is paralyzed, and ought to have medical attention.

The other place is located at 102 Chicago street, where several colored families huddle together like swine.

City Attorney Colerick says there is a technical point which might restrain the city from tearing down these filth traps.

The Weather.

WASHINGTON, July 1.—Indiana—Fair, followed Tuesday by threatening weather; slightly warmer; easterly winds.

A DANGEROUS OPERATION.

Louis Raber Almost Dies From the Effects of an Operation.

Yesterday morning, at Thieme & Gross' drug store, Dr. K. K. Wheelock performed a dangerous and difficult operation for unnatural tonsils, the subject being Mr. Louis Raber, of Huntington county.

It is an operation that is attended with much danger, therefore it pleased the doctor immensely when the patient walked to his boarding house soon after the work was done, apparently all right.

It was not more than half an hour afterwards when Raber was taken with hemorrhage. He hastened back to the drug store, at which place he soon fainted from loss of blood.

He was taken to the City hospital, where he came near dying during the night.

This morning Drs. Porter and McCaskey were summoned, to find him almost in death's throes from excessive hemorrhage. The man's life hangs by a thread. Relatives were summoned this morning to be at his bedside.

A PAIR OF ACCIDENTS.

Mrs. S. Rich Has an Arm Fractured —Frank Bissell Hurt.

Yesterday afternoon Mr. and Mrs. S. Rich were driving in the country when the horse became frightened and threw the occupants out of the vehicle. Mrs. Rich fell to the bottom of an embankment and sustained a bad fracture to her right arm. She was conveyed to her home, 190 Calhoun street, this city, where Dr. Hershel S. Myers attended her.

FRANK BISSELL HURT.

Yesterday afternoon a party of wheelmen were "spooning" along the St. Joe road near the toll gate when Fred Smith, of the firm of Smith & Gutsche, lost control of his wheel. Frank Bissel, who followed closely, could not prevent a collision, which followed, throwing Mr. Bissell violently to the ground and dislocating his right arm. A carriage was secured and the young man conveyed to his rooms. Mr. Bissell is night ticket agent at the south depot and will be detained from duty some time.

LOCAL LINES.

Mr. H. C. Hanna is at Chicago.

The Muldoon club were at Churubusco yesterday.

Mr. W. D. Page and family are occupying their cottage at Warsaw.

Mr. James Wilding, jr., has recovered a horse which strayed away over a week ago. William Frederickson, of Milan township, had taken the animal in.

Mr. D. Honaker, of Lexington, Ky., presented the Christian church, for yesterday's service, with a most exquisite floral piece in the shape of a full sized guitar.

Mr. Harry Friend will leave for New York city next Wednesday evening, to meet his brother, Will, who is on board a steamer, which will arrive some time this week.

Hon. W. H. Shambaugh will deliver the Fourth of July oration at the celebration in Vordermark's grove and Mrs. Dr. Mary Halloway will read the declaration of independence.

The Danville, Ill., and the Lafayette, Ind., base ball clubs, played a game of ball yesterday at Lafayette. The Wabash road ran a special train from Danville, consisting of four coaches, crowded with people.

Jas. R. Adams, brother of the well-known "Grinaldi Adams," will have entire charge of the refined specialties introduced in the fourth act of "Enoch Arden." The sports and pastimes of "Merrie England" will be a novelty, and, as introduced by Mr. Beers, will be in keeping with the poem.

It is seldom that a theatrical manager gives the public more than he advertises. Mr. Beers' contract with Manager Simonson calls for a company of forty people. Mr. Beers now has fifty-six people in Fort Wayne, all of whom will take part in his grand lyric and pictoral arrangement of Tennyson's Idyll of the Sea, "Enoch Arden," to be given on Wednesday and Thursday evenings, July 3 and 4, at the Temple.

Saturday afternoon Louis Brunor filed proceedings in the superior court to enjoin the county commissioners from constructing the proposed new bridge across the Maumee river at any other point but on East Main street. Judge Chapin reserved his decision until this morning at 8 o'clock, when he granted the injunction until 10 a. m. next Friday, when the case will be heard. The commissioners were to let the contract to-day.

SENT ABROAD.

They Will Leave Their Homes to Represent the United States in Foreign Countries.

Bourn, of Rhode Island, consul general at Rome; Eugene Shuyler, of New York, agent and consul general of the United States at Cairo.

MASTER MECHANIC MORRIS.

He Resigns to Accept a Better Thing and Will Leave the City.

One of our most popular men in local railroad circles is Mr. W. S. Morris, master mechanic of this division of the Wabash road.

In the list of official appointments of the Wabash published elsewhere in this issue will be seen the name of Mr. Morris, whose services it has been the pleasure of the new management to retain.

Mr. Morris however, has a better thing offered him in the official capacity of superintendent of motive power and rolling stock of the Detroit, Lansing & Northern, the Chicago & West Michigan and the Saginaw Valley & St. Louis railroads, which offer he has accepted. In consequence his resignation has been tendered as master mechanic of the Wabash, to take effect the 10th inst.

Mr. Morris secures by his advanced position a handsome salary. He will make his headquarters at Grand Rapids Mich.

Mr. Will S. Morris first engaged his services with the Wabash in 1878 as a machinist. His industry was recognized by the Muncie management some time later by tendering him the position of master mechanic; he then connected himself again with the Wabash as master mechanic and upon the promotion of Mr. J. B. Barnes to superintendent of motive power, he succeeded him to division master mechanic, which position of trust he is about to retire from.

In works of a mechanical nature Mr. Morris is a careful man and a genius. He has interested himself in numerous inventions, the latest one being a patent air-brake appliance.

THE SENTINEL regrets exceedingly the departure of this man from our midst but at the same time extends its best wishes and predicts for him success.

DROZDANITZ'S DODGE.

A Clothing Dealer Made to Park over City Taxes—Deputy Treasurer Houlihan's Good Sense.

Last Saturday night Deputy Treasurer Tom Houlihan was returning home to his virtuous couch at about the hour of 11. When opposite the Assignee clothing store, adjoining the Railroad Y. M. C. A. rooms, his quick eye detected that all the goods were being boxed up for a hasty departure. The place has been conducted a short time past by a Polish Jew named D. Drozdanitz, who was assisted by his son, Peter.

Mr. Houlihan remembered distinctly that the fellows had not paid over the city taxes and telephoning Chief of Police Wilkinson, he had Officer Richter soon informed of the circumstances with the special injunction that the goods should not be allowed to leave the building.

The old man Drozdanitz ordered his son to go on to Chicago and he was obliged to remain over to settle the matter, which he did this morning by paying over the required sum.

The amount of the tax was small but the soul of our friend Mr. Houlihan in discommoding a dealer who tried to play such a game, is commendable and every legitimate merchant whose trade is hurt by those traveling assignee fakes will say so.

The Indianapolis *Journal* is authority for the statement that Mr. W. W. Worthington has resigned his position as general superintendent of the Fort Wayne, Cincinnati and Louisville road. Mr. Worthington has been in official position on the road for seventeen years and has made a splendid record.

TWO RUNAWAYS.

A Farmer's Horses Frightened by Bicycle Riders.

While driving along the Lee road yesterday afternoon, Farmer Kroemer's horses became frightened at two bicycles passing along and the buggy with its occupants was overturned, Mr. and Mrs. Kroemer were thrown against a barb wire fence and badly injured. The farmers complain of the carelessness of bicyclists while passing their vehicles in the country.

The horses attached to one of the Berghoff brewery wagons ran away this morning in the eastern part of the city and the kegs of beer on it were scattered in every direction.

A thirteen year old step-son of Albert Albrogge, the restaurant keeper who tried to commit suicide a few days ago, stole 400 cigars from the place and passed them around among his boy friends.

Both lads were arraigned before Squire France to-day who put them under $200 bonds each, in lieu of which they both went to jail.

MONDAY, JULY 1, 1889.

THE American flag now has forty-two stars.

THE *Morning Journal* is in favor of more parks for Fort Wayne.

THE Fourth of July will be observed in a "quiet" way at Fort Wayne.

A DISEASE known as chinch bug cholera is killing off the chinch bugs by millions in Kansas and proving of inestimable benefit to farmers.

ACCORDING to the estimate of the publishers of the city directory for 1889, about to be issued, the present population of Chicago is over 900,000.

GOVERNOR FORAKER takes very kindly to the renomination for the governorship, considering the fact that he wasn't going to accept it under any circumstances.

A NUMBER of republicans of Mansfield and Cleveland, Ohio, have publicly declared that they will not vote for Governor Foraker. Mansfield is the home of John Sherman.

CHAUNCEY M. DEPEW thinks the Fourth of July is going to be a great day this year. His reason for thinking so, he explains, is that he has invitations to speak from nearly every state in the union.

A BILL has passed both houses of the Michigan legislature, which provides that a wife may have separate maintenance when her husband has been guilty of an offense which would entitle the wife to a divorce.

MANY of the friends of Henry George are urging him to become a British subject and enter Parliament for a Scotch district. It's not likely that Mr. George will accept the proposal, though he has not as yet given a definite answer.

IN accordance with a request of the Women's Christian Temperance union of the District of Columbia, President Harrison has issued instructions that no liquor shall be sold on the government reservation during the encampment of the district militia.

ADVICES from Africa confirm previous reports of the shocking privations to which Mr. Stanley has been subjected. It is stated that his hair has turned snow white, that his clothes are rags, and that he is without shoes, being obliged to use skins to cover his feet.

THE eyes of the sporting world are turned towards the Sullivan-Kilrain prize fight, which is to take place next Monday on Louisiana soil. The disgraceful exhibition will probably end in a victory for Sullivan. If he is beaten it will be because the excessive use of whisky has ruined his constitution.

THE grand jury in the Cronin murder case have returned the following indictments: Martin Burke, John F. Beggs, Danial Coughlin, Patrick O'Sullivan, Frank J. Woodruff, Patrick Cooney, John Dinze. The indictment against each of them is for conspiracy to murder and for murder, with the exception of Patrick Cooney and John Dinze.

GEN. REUB. WILLIAMS, the veteran editor of the Warsaw Daily *Times* and *Indianian-Republican*, is a candidate for the state pension agency in earnest. In his Saturday's issue of the *Times* he publishes over four columns of complimentary press notices of himself for the position. General Williams was an original Harrison man, and has always been a bold and active defender of the principles of the republican party.

TO-DAY is the anniversary of the battle of Gettysburg. It was fought on Pennsylvania soil twenty-eight years ago, and was one of the bloodiest battles of the civil war. Ending in a victory for the union forces, the backbone of the rebellion was broken and the confederate forces were driven back into Virginia. The surrender of Lee did not come until nearly two years later, but the rebels never recovered from their Gettysburg defeat.

NEXT Saturday the members of the Harvard and the Yale college ball clubs will sail for England to give exhibitions of base ball at various English schools and universities, and teach Englishmen the finer points of the game. After some preliminary instruction the American nine will be divided and two mixed nines will be formed, these playing against each other. Their expenses will be paid by a number of Englishmen who have become interested in the game. Thus does our great national game progress.

FREDERICK DOUGLASS, the colored orator who was appointed last week as minister resident and consul general to Hayti, was born a slave on the eastern shore of Maryland, in the half-famine stricken district known as the Tuckahoe, about 1817. He does not know the exact date. He has never been fully informed who his father was. He taught himself to read and write unobserved by his master. He escaped from slavery by the aid of a friendly sailor and found his way to New England. He learned rapidly and soon became widely known as a public speaker. In 1846 he visited England and became a lion there. His career as an anti-slavery orator, as a speaker, lecturer, and leader is well known.

THE CHURCHES.

Interesting Services at the Cathedral Yesterday—The Holidays This Week.

Chancellor J. F. Lang occupied the pulpit yesterday morning at the Cathedral, Rt. Rev. Bishop Dwenger being at Laporte. He read the letter issued by the provincial council, recently held at Cincinnati, at which the bishop was present. It contained many valuable instructions to Catholics, and read in Father Lang's grand way, was interesting in all its details.

In making the announcements of the feasts of the week he urged their observance by the membership of the church. The holy days were important ones, and all should observe them unless their duties were such that they could not do so.

The devotion of forty hours' adoration will take place during the week. Yesterday the services were in memory of St. Paul, the apostle; to-day they are for St. Theobald, the confessor; to-morrow, Visitation of the Blessed Virgin Mary; Wednesday, St. Phocas, Martyr; Thursday, St. Bertha, Abcess; Friday, St. Peter, of Luxemburg; Saturday, St. Palladius.

Several of the societies of the church will attend mass during the week in a body and requiem will be sung for the repose of the souls of certain departed members of the church.

The collections taken up yesterday in the Catholic churches were for the pope.

Vicar General Brammer, with Rev. Father Ellering and a number of priests from neighboring cities, will be at Warsaw to-morrow to conduct the impressive and beautiful ceremony of blessing the new bell for the Catholic church at that place.

Rev. Edward Koenig, D. D., of Fort Wayne, will celebrate a solemn high mass, during which the Columbia City choir will render some choice music.

OTHER SERVICES.

Mr. Z. T. Esmond, the secretary of the Railroad Y. M. C. A., conducted the services at the Grace church last evening.

Rev. H. Arlin, of Winchester, held a quarterly meeting at the Evangelical church yesterday.

Rev. J. L. Leeper, the able young divine, pastor of the Second Presbyterian church, preached one of the grandest sermons yesterday morning that he has delivered since his entry in the ministry here.

The services at the railroad department of the Y. M. C. A. were led yesterday afternoon by Mr. John Brittingham, of the Olds wheel works. His talk was about the tongue, as an unruly member, and it was an interesting one.

Prof. Spencer Smith, of Lake Forest university, son of Dr. C. S. Smith, of this city, delivered the address at the city Y. M. C. A. yesterday afternoon. He is a pleasant talker, and his words were full of interest.

Mr. Joseph Brittingham, of Olds wheel works, led the service at the R. R. Y. M. C. A. yesterday, and Prof. Spencer Smith led the meeting at the city association rooms. Both meetings were well attended.

When the lips are dry or scarred,
When the teeth are dark or dull,

And all those ills before it fly.

Prof. Diedrich is expected home from Pittsburg to-night.

An Extraordinary Phenomenon.

No other term than the above would apply to the woman who could see her youthful beauty fading away without a pang of regret. Many a woman becomes prematurely old and haggard because of functional derangement. What a pity that all such do not know that Dr. Pierce's Favorite Prescription will restore their organs to their normal state, and make them youthful and beautiful once more! For the ills to which the daughter's of Eve are peculiarly liable the "Prescription" is a sovereign remedy. It is the only medicine sold by druggists under a positive guarantee from the manufacturers, that it will give satisfaction in every case, or money will be returned. See guarantee on bottle wrapper.

This is quarterly pay day for the city officers and monthly pay day for the police force.

ON THE DIAMOND.

The Baseballists Hold Forth at Several Points Again Yesterday.

The different base ball grounds throughout the city yesterday were visited by large throngs of people, especially was this the case at the grounds of the Sports, a base ball nine that is rapidly coming to the front as a crack club. Their headquarters are located along the banks of that famous and historic stream, the Maumee river, just east of Coombs street, and there at least 600 people repaired to witness a contest between the Sports, constituted as follows: Saffen, 3b; Crance, c; Robbins, p; Betts, 2b; Brown, ss; Lauer, r. f; Speidel, c. f; Weichman, 1b, and Smith, l. f., vanquish the Bloomingdale nine, composed of, Spanh, c.; Sunlay, p.; Langhor, 2b; Gaunzer, 3b; Skinny, 1b; Smick, ss; Smuck, r. f.; Wolf, c. f; and Hedges, l. f.; by a score of 22 to 11. The regular battery for the Sports, O'Hearn and Smith, were not at their places yesterday, as they are resting up to enter the contest at the fair grounds on the Fourth, where this club will endeavor to capture first prize. As a consequence the score of the Bloomingdale's was much larger than it otherwise would have been. A feature of the game was the heavy batting of First Baseman Weichman, of the Sports, who pounded out a three bagger, a two bagger and a single.

The score by innings was as follows:

	1	2	3	4	5	6	7	8	9	
Bloomingdale's	0	0	2	0	0	0	0	5	4	—11
Sports	8	1	1	0	6	3	3	0	*	—22

Struck out by Robbins, 7; by Sunlay, 3. Umpire, Rooney.

On Wagner's flats Kimball's nine and the Barr streets, had a set-to and Kimball's club won the honors by a score of 19 to 13. The Barr streets made all their runs in the first four innings. At that stage of the game Hugh Dix went in the box for the Kimball club and from that time on they could only fan the air.

"Do we have mosquitoes?" repeated the genial landlord. "What's that? Never heard of such a dish. How do you serve 'em, fricasseed?" "That's all right," replied the guest, "I like the place and I'll take the rooms, and your word about the mosquitoes, but I'll just send back for a dozen bottles of Pond's Extract, as a precaution." "Oh they all do that. Have fire in your room last night sir?" "Well, I didn't see any, but perhaps there was; the mercury was 124 °."

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Jan-27-1y

Let us give the readers of THE SENTINEL a little timely advice. Hot weather is coming and with it colic, cholera morbus, dysentery, and diarrhoea. The only safe way to combat these diseases, is to keep some reliable remedy at hand, and all who have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy will admit that it is the most prompt, reliable and successful medicine known for these complaints. It costs but 25 or 50 cents, and may be the means of saving you or your family much suffering, if not life itself, before the summer is over. For sale by George H. Loesch and Fred Hoham.

I am satisfied that Cancer is hereditary in my family. My father died of it, a sister of my mother died of it, and my own sister died of it. My feelings may be imagined, then, when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way that it could not be cut out. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family. I took Swift's Specific, which, from the first day, forced out the poison, and continued its use until I had taken several bottles, when I found myself well. I know that S. S. S. cured me.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them!

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

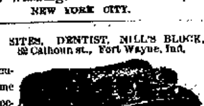

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

MONDAY, JULY 1, 1889.

JULY OPENS DULL.

The News Around the Railroads and Manufactories is of an Uninteresting Character.

Frank Petgon returned from Omaha, Neb., to-day.

Many of the shop employes will spend the Fourth out of the city.

There are some 105,000 locomotives, with 3,000,000 horse power, in the world.

Many of the manufacturing establishments of the city are reducing their working forces.

James Hanley has taken the position of shipping clerk at the Pennsylvania company's store-room.

William Kauhse, formerly of the Bass works, has taken a position with the Natural Gas company.

Geo. W. Saul will be the new general manager of the Muncie road. The Sentinel welcomes him to the city.

Wendling Koehl has given up his position at the Bass moulding rooms and will go to Defiance, Ohio, to work.

James Doyle and James Hanley, of the Pennsylvania company's store room, will spend the Fourth at Warsaw with their best girls.

The Wabash *Plaindealer* says that James Rhodes has removed from Andrews to Wabash and will build a handsome residence there.

The *Daily News* has dubbed Clerk J. H. Sloan, of the Pittsburg machine shops, a captain. Mr. Sloan was an adjutant during the war.

The railroads are anticipating a big Fourth of July business. Excursion rates prevail and nothing is going on in the city to keep the people at home.

J. M. Barry, master mechanic of the Bee Line shops at Delaware, Ohio, it is said, has been tendered the position of master mechanic of the Chicago and Atlantic.

William Rhodes, machinist at the Pittsburg shops, whose injury at the works was chronicled a few days ago in The Sentinel, had his foot amputated at the city hospital last Saturday.

A well known Wabash engineer and a telegraph operator had a fight at the Wabash depot, at Lafayette, last week. A family matter caused the encounter and the engineer was awarded the belt. The row created much excitement but no one was seriously hurt.

It has been calculated that the railroads of the world are worth nearly $900,000,000,000, or about one-tenth of the wealth of the civilized nations, or more than a quarter of their invested capital. At this rate all the ready money in the world would buy only about one-third of them.

Ten years ago there were twenty-two railroads which could not interchange cars owing to the gauge. Now all are alike, and cars owned in Maine are seen slipping over the rails in Texas. The railroad system of the United States is declared to be as perfect as a system can be made.

D. H. Lawton, manager of the Osborn Remington Co., went to Richmond and Lima this morning to look after contracts the firm has at both points. The class of work this firm is doing is bringing them rapidly to the front and Fort Wayne has room for all such wide-awake business men. They all help to make a first-class city.

While Dick Pierce, wife and little daughter were changing cars from the Pennsylvania to the Lake Erie and Western at the depot at Burgoon, on Thursday evening, Mr. Pierce fell off the platform, a distance of several feet, and broke two ribs and sustained other painful injuries. He held his little girl in his arms at the time, but she escaped entirely. Pierce was taken to his home at Findlay.

The Jenney Electric Light company are moving in earnest into their new quarters, with all their laborers assisting, and they have given their professional men a few days' vacation, which they will spend in various ways. Frank Havens will resume his position with the Petoskey Fish company. Frank Passino will drive a milk wagon during vacation. Frank Woehnker will take care of his fast horse, "Prince." Aug. Hocklemeyer will sell opera glasses for an eastern firm. Wm. Murphy will go into the life insurance business. Fred Kiezhaber will assist his father in ringing the church bell and making arrangements for the picnic. L. G. Cordaway will help F. Majors to discharge his duties on the farm. Aug. Tons will peddle tin-ware in the country.

A Good Appetite

Is essential to good health; but at this season it is often lost, owing to the poverty or impurity of the blood, derangement of the digestive organs, and the weakening effect of the changing season. Hood's Sarsaparilla is a wonderful medicine for creating an appetite, toning the digestion, and giving strength to the whole system. Now is the time to take it. Be sure to get Hood's Sarsaparilla.

A REMARKABLE FREAK.

The Indiana Child That Beats the Siamese Twins.

Kokomo has a freak of nature that is certainly the most wonderful human monstrosity ever born alive. It is a a double baby. The bodies of the two infants are perfectly formed and are united from head to head by the spinal column, running full length without separation. About the center of the body is the one umbilical cord; the action of the hearts is good and respiration perfect. They have distinct and separate vital organs, which perform their functions well and with due regularity. They have bright, beautiful faces, are possessed of great vitality, showing considerable pertness. Both nurse naturally, and one may sleep while the other is awake, as well as both to sleep at once.

Their parents, Mr. and Mrs. J. H. Jones, live on their farm. The father is twenty-four years old, five feet ten, and weighs 175 pounds. The mother is nineteen, short build, and weighs but ninety pounds. They have been married nearly three years, and these malformed twin girls are their first born.

Mr. D. M. Grayson, of Cronville, Franklin parish, La., says: I think Swift's Specific is the best blood remedy in the world. I have known it to make wonderful cures of persons with blood diseases, some cases which had been regarded as incurable.

Water rents are due to day and Clerk McDonald is busy making out receipts.

Made Like Tea.

Have you been to your druggist for a free sample package of Lane's Family Medicine, which is made as simply as tea? It is a harmless vegetable remedy for your blood, stomach, liver and kidneys, and an easy cure for constipation, discovered by Dr. Silas Lane while in the Rocky Mountains. Don't fail to call to-day at any druggist's for a free sample of this grand family medicine. Large size package 50c.

Mr. and Mrs. James E. Graham have returned from a trip to neighboring towns.

A STRONG ENDORSEMENT.

TOLEDO, O.

J. M. Loose Red Clover Co—Gentlemen: Having made use of your valuable pile remedy. I can recommend it as the best I ever used; having found almost entire relief from using it four times. Hoping others will try it with the same success, I am yours very truly,

H. M. Pixley,
No. 50 Summit street.

Mr. F. J. Smith, editor of the Fort Abercrombie, Dak., *Herald*, says: "The most wonderful medicine I have ever met with, is Chamberlain's Colic, Cholera and Diarrhoea Remedy. In case of colic it gives speedy relief. On hunting trips I have found it indispensible. Put in alkali water, it imparts a pleasant taste and prevents the painful diarrhoea, which alkali water produces. I could not feel safe without it in my house." 25 and 50 cent bottles for sale by George H. Loesch and Fred Hoham.

TAR-OID

NATURE HAS NO BETTER REMEDY

Than this New Compound of Tar for Wounds, Burns, Sores, Piles, Salt Rheum, Eczema, and Coughs, Croup, Scrofula, Ulcers, Varicose Veins, Bronchitis, and Consumption.

TAR-OID must not be confounded with the cheap remedies which are prepared on the theory that Skin Diseases are caused by impure blood, which is not true. They have their cause in a want of vital action in the skin. TAR-OID restores this action, hence it cures every form of Skin Disease, also sores, burns, etc. It is soothing and wonderfully healing—gratifying results follow in every case. It is harmless and can be used with perfect safety by any one. It is superior to all other remedies. There is positively nothing else like it.

TAR-OID is a sure cure for piles. It never fails. We warrant a cure or refund the money. It gives immediate relief. It is perfectly safe, yet powerful in its action.
